

# CHAMP ENGINEERING

## Champ C2420 Conductivity Meter

### Specifications:

Model: C2420  
Voltage: 17-26VDC  
Current: < 100mA  
Range: 200 – 50K Ohms  
Accuracy: 5% full Scale @25 DegC

Red and White = 24+  
Black = Common (24-)  
Green = 4-20ma Signal

Sensor Red = +  
Sensor Black = -

### Uses:

Water quality monitoring  
Filter or system leak detection.  
Percent rejection of dissolved solids.  
Moisture detection in soils  
Hydroponics  
Reverse Osmosis water systems  
Chemical processing  
Quality assurance
